This letter is to notify you that the Missouri Department of Natural Resources and the U.S. Environmental Protection Agency Region VII reviewed Modine Manufacturing Facility's Final Quality Assurance Project Plan (QAPP), Indoor Air Sampling, dated August 11, 2010. This QAPP contains the detailed quality assurance/quality control procedures used for the sampling and analysis of indoor and outdoor air. The purpose of the QAPP is to establish the requirements for generating project data that are technically valid and legally defensible. We are approving the QAPP based on our review.
